

BACKWARDS SONG – AUDITION CUT

Everything is backwards
Seasons are reversed
I go through life living summer, spring, winter, then fall!
Ev'rything is backwards
Endings all come first
Dwarfs are all big, and you guessed it, my giants are small
Life is backwards
I live it none to all

I grow up and then I'm born
I wake up nights and go to sleep in the morn
And though I may sound angry,
I'm really happy, which means I'm forlorn
